## A mon parrain /To my sponsor

## Traduction /Translation

Date: June 14, 2022. Dear Mr/Mrs Ephraim, I am happy to write you this letter. I am happy because my whole family is doing well. We have finished the compositions and are waiting for the results. We are now in the city because we have moved to a different location and we go to the project every Saturday. I want to help my mother during her holidays to sell at the market. Thank you very much for your love. How are you doing?
